SPECIAL ORDER 2:00 P.M. - Mayor's Appearance Before The Board

130816 [Formal Policy Discussions - September 10, 2013]

Pursuant to Charter, Sections 2.103 and 3.100(7), and Administrative Code, Section 2.11, the Mayor shall answer the following eligible questions submitted from Supervisors representing Districts 1, 3, 5, 9, and 11. The Mayor may address the Board initially for up to five minutes. Discussion shall not exceed five minutes per Supervisor.

1. Mayor Lee - As you know, San Francisco has set ambitious goals to combat climate change. In many ways, the City is making great strides in this direction, from increasing bicycling, to pursuing zero waste goals, to hiring a new, excellent environmental policy advisor in Rodger Kim who has a strong background in environmental justice and community engagement. However, the Public Utilities Commission has repeatedly failed to set rates for CleanPowerSF, the most impactful local proposal yet designed to curb carbon emission. This program was adopted by the Board of Supervisors, the legislative body of the City. However, there are some allegations that your office is stalling its implementation. What specifically are you doing, as the City's head executive, to implement this policy in a timely fashion? (Supervisor Mar, District 1)

2. Mr. Mayor, can you please outline your objections to the CleanPowerSF program as approved last year on an vote 8-3 by the Board of Supervisors? (Supervisor Chiu, District 3)

3. Recognizing the constraints imposed by state law, particularly with respect to opt-out provisions, how would a clean power program need to be structured in order for you to support it? Are you willing to work with the Board of Supervisors, and have your staff and commissioners work with the Board of Supervisors, to revise CleanPowerSF so that you can support it? Can we come to the table and make clean power a reality without any further delay? (Supervisor Breed, District 5)

4. The Board of Supervisors has been very supportive of CleanPowerSF. Do you think it is appropriate for a City Commission to go against the policy the Board of Supervisors set when it approved CleanPowerSF? (Supervisor Campos, District 9)

5. Days after the one-year anniversary of the 2010 PG&E San Bruno pipeline explosion, you called PG&E a "great local corporation" and a "great company that gets it." However, the examples of PG&E's immoral, illegal, and greedy behavior are legion:

- PG&E avoided admitting fault in the San Bruno explosion, failed to cooperate with the investigation, fought against paying a fair fine, and hopes to make ratepayers pay for the fine.
- PG&E's current electric mix is only 20% California-certified renewable.
- Outages of PG&E-owned streetlights have increased over 400% in recent years, and PG&E wants to increase by $600,000 a year the amount it charges the City for streetlight maintenance without committing to improved service.
- Despite the fact that PG&E already has some of the highest electric rates in the country, PG&E is seeking to further increase rates in each of the next three years.
- While PG&E has proposed a new Green Tariff program, it remains only a vague proposal and there is no guarantee that it will ever be implemented.
- PG&E's previous green campaigns-such as ClimateSmart and "Let's Green This City"-have proven to be short lived and ineffective public relations stunts.

Multiple public surveys conducted by the PUC to gauge the level of support for CleanPowerSF have all found that a substantial number of San Franciscans want the opportunity to pay a slight premium for a 100% renewable alternative to PG&E.

Why does your office continue to oppose providing City ratepayers with an alternative to PG&E's monopoly by implementing CleanPowerSF? (Supervisor Avalos, District 11)

Mayor Edwin Lee addressed the Board of Supervisors and discussed the above referenced questions. Following public comment this matter was filed. No further action was taken.

SPECIAL ORDER 2:00 P.M. - Mayor's Appearance Before The Board

130985 [Formal Policy Discussions - October 8, 2013]

Pursuant to Charter, Sections 2.103 and 3.100(7), and Administrative Code, Section 2.11, the Mayor shall answer the following eligible question submitted from the Supervisor representing District 8. The Mayor may address the Board initially for up to five minutes. Discussion shall not exceed five minutes per Supervisor.

1. Mr. Mayor, we recently held a hearing at the Land Use and Economic Development Committee on the issue of illegal double parking in San Francisco - including its impacts on traffic, Muni, cycling, and pedestrians - and the City's enforcement policies and practices. While some might say that double parking is an innocent infraction, it can create traffic jams and block Muni. On our light rail vehicle lines, a single double parker can effectively shut down the line, since LRVs cannot swerve off of their tracks to get around the double parker. Moreover, double parking often occurs in bike lanes, causing cyclists to have to swerve into traffic, and double parking near crosswalks reduces pedestrian safety by blocking sight lines. While double parking is at times appropriate - for example a delivery truck that has no other option or a paratransit vehicle dropping off its passengers - double parking in San Francisco has become the wild west. All sorts of vehicles - taxis, private autos, delivery trucks - seem to park in the middle of the street whenever they want and even when there is space to pull over.

At the hearing, we heard from the Municipal Transportation Agency and the Police Department that double parking enforcement outside of the downtown core is infrequent. For example, on the entirety of 16th Street - which goes through multiple dense commercial areas - on average one double parking citation is issued every other day. On the entirety of Castro and Divisadero Streets, on average one citation is issued each day. At the same time that very few double parking citations are issued outside of the downtown core, MTA is engaging in periodic saturation ticketing in our neighborhoods for minor infractions like not curbing wheels on a slight grade or vehicle protruding an inch onto a sidewalk from a driveway. In other words, MTA is engaging in significant enforcement of minor infractions while not enforcing an infraction - double parking - that has serious impacts in our neighborhoods.

Mr. Mayor, what will you do to ensure that double parking enforcement is a priority where it impacts transit riders, pedestrians, and cyclists? What specific goals and metrics do you propose we establish to ensure that the most impactful double parking behavior becomes an enforcement priority for the MTA and the Police Department? Will your office agree to report back in a year on the city's stepped up enforcement efforts against double parking?

Mayor Edwin Lee addressed the Board of Supervisors and discussed the above referenced question. Following public comment this matter was filed. No further action was taken.

ADDENDUM

The following information is provided by speaker(s), pursuant to Administrative Code, Section 67.16. The content is neither generated by, nor subject to approval or verification of accuracy by, the Clerk of the Board or the Board of Supervisors.

Ray Hartz submitted the following additional information during Public Comment as follows: I'm here to talk about the letter is on the screen. After City Librarian Luis Herrera was found to have violated the law numerous times in filing false form 700s, the Library Commission wanted to help. So what they decided to do was hold a series of discussions outside the site of the public! These communications were sufficient to formulate, revise, and finalize a statement which they then approved for release. This was all done illegally! They next directed a City employee to release the letter on official stationary to the SF Bay Guardian and, by extension, to the public. I will discuss specifics about this letter at future appearances before the BOS. Today I just like to ask this: did Mr. Herrera learn to act illegally from the Library Commission or vice versa? Personally, I think they been colluding so long to evade the law it's simply second nature!

SPECIAL ORDER 2:00 P.M. - Mayor's Appearance Before The Board

131139 [Formal Policy Discussions - November 26, 2013]

Pursuant to Charter, Sections 2.103 and 3.100(7), and Administrative Code, Section 2.11, the Mayor shall answer the following eligible questions submitted from Supervisors representing Districts 1 and 3. The Mayor may address the Board initially for up to five minutes. Discussion shall not exceed five minutes per Supervisor.

1. Mayor Lee, According to the recent Budget and Legislative Analyst's report on San Francisco's eviction crisis, between 2009 and 2013 the Richmond District, as a whole, has had 79 Ellis Act evictions and 202 no-fault evictions, placing my District among the leaders in both of these categories. We also have among the highest number of seniors, many with mobility issues. Unfortunately, the Richmond District and the entire west side of the City lacks the tenant focused services that are concentrated on the east side of town. Given the tremendous need for tenant services and the geographic inequity in their distribution within San Francisco, I would like to begin exploring, with your assistance, the possibility of establishing a multi-service center in the Richmond District, that would include tenant focused services.

Can you commit to assisting my office in doing so? (Supervisor Mar, District 1)

2. Every day, we see rental and homeownership prices in San Francisco rise further beyond the reach of everyday San Franciscans. To address the affordability crisis, your office is working closely with me, my colleagues and community members on efforts to prioritize housing for Ellis Act evictees, assist nonprofits in danger of displacement, and stabilize housing for people who live in non-permitted in-law units, among other initiatives. While building subsidized affordable housing won't alone solve the crisis, we also know that last year's voter approved Housing Trust Fund will provide $1.3 billion of affordable housing for low and middle income San Franciscans in the coming decades. Can you provide us with an update on affordable housing units under construction and planned for the near future, as well as an update on other housing programs supported by the Trust Fund? What creative approaches can we take now to build these affordable units as quickly as possible? What else can we do to encourage developers to build affordable units on site as they construct market rate housing? (Supervisor Chiu, District 3)

Mayor Edwin Lee addressed the Board of Supervisors and discussed the above referenced questions. Following public comment this matter was filed. No further action was taken.

REGULAR AGENDA

UNFINISHED BUSINESS

Recommendation of the Budget and Finance Committee

130801 **[Contract Amendment - Global Tel*Link - Inmate Telephone Services - $3,000,000]**

Resolution retroactively authorizing the Sheriff's Department to amend the existing contract with Global*TelLink for inmate telephone services from June 1, 2010, to May 31, 2013, to June 1, 2010, to May 31, 2014, with an additional one-year option to extend the term remaining, which will result in an anticipated commission to the Inmate Welfare Fund of more than $3,000,000 over the four-year contract term. (Sheriff)

Privilege of the floor was granted to Bree Mawhorter (Sheriff's Department), Jon Givner (City Attorney's Office), and Sheriff Ross Mirkarimi (Sheriff's Department), who responded to questions raised throughout the discussion.

Supervisor Breed, seconded by Supervisor Campos, moved that this Resolution be AMENDED on Page 1, Line 6, by adding 'subject to future Board of Supervisors approval'; and Page 2, Lines 16-17, by deleting 'with an additional one year option exercisable by the Sheriff's Department', and Lines 18-23, by adding 'FURTHER RESOLVED, That the amended agreement provides that the City may extend the agreement for one additional year, to May 31, 2015, at the City's option. The Board of Supervisors may approve the exercise of that option in the future, but this Resolution does not approve it. If the Sheriff's Department seeks to exercise that one-year option, the department shall seek advance approval from the Board by a future resolution; and, be it'. The motion carried by the following vote:

SPECIAL ORDER 2:00 P.M. - Mayor's Appearance Before The Board

Supervisor Cohen was noted present at 2:19 p.m.

131188 [Formal Policy Discussions - December 17, 2013]

Pursuant to Charter, Sections 2.103 and 3.100(7), and Administrative Code, Section 2.11, the Mayor shall answer the following eligible questions submitted from Supervisors representing Districts 8 and 10. The Mayor may address the Board initially for up to five minutes. Discussion shall not exceed five minutes per Supervisor.

1. The Golden Gate National Recreation Area (GGNRA) - including Fort Funston, Crissy Field, Ocean Beach, and other properties - is a critical resource for San Franciscans and others for various recreational activities. GGNRA isn't a traditional national park but rather an urban recreation area. One long-time, established recreational use of GGNRA properties is dog walking. Thousands of San Franciscans have long walked their dogs on these federal properties. The National Park Service is proposing significant restrictions on dog access at GGNRA. These restrictions would severely limit San Franciscans' ability to utilize GGNRA with their dogs and would result in a shift of many dogs to our city parks, causing over-crowding. The Board of Supervisors unanimously passed a resolution I authored to oppose the proposal. Congresswoman Jackie Speier has also expressed opposition to the proposal. Congresswoman Nancy Pelosi recently encouraged the National Park Service to extend the time period for public comment and to take into account the significant dog uses at GGNRA. Do you agree that the GGNRA plan goes too far in restricting dog access? Will you work with the Board of Supervisors and our Federal representatives to encourage the National Park Service to alter the plan to take into account the needs of dog owners and walkers to use these properties? (Supervisor Wiener, District 8)

2. Mr. Mayor - Many of us on the Board of Supervisors, myself included, have been working on legislation and with departments to increase access job opportunities for residents in our City. While there are some large employers who are well integrated into our City's workforce development system, I think we can be doing more to reach a broader range of private employers who can accept residents that have completed any one of our City's job development programs. You recently launched a mobile application called text2wrk. Can you describe how this application is going to fit into our City's overall workforce development strategy and what the outreach plan is for ensuring that residents can use this tool? (Supervisor Cohen, District 10)

Mayor Edwin Lee addressed the Board of Supervisors and discussed the above referenced questions. Following public comment this matter was filed. No further action was taken.
